

Tuesday, September 20: Quantum Computing + HPC

8:30-8:45	Welcome / Opening Remarks
8:45-9:45	Three Analysts and a Futurist: Lean In to the Realities of Quantum Computing
9:45-10:30	The Best Roadmap for Quantum Computing Into a Classical Computing Environment
10:30-11:00	Break + Exhibits
11:00-12:00	The Future of Quantum Technology at JPMC
12:00-1:00	Quantum is Coming! A Conversation About its Many Implications for Finance
1:00-2:00	LUNCH: Together We Advance FSI with HPC & AI Solutions
2:00-3:00	Break + Exhibits + 4 Lightning Presentations
3:00-4:00	Endless Memory: An Overview of CXL for FSI
4:00-5:00	Accelerators for FinServ: What's Available and Which One is Right for Your Workload?
5:00-6:00	Vendor Showdown with Intersect360 Research
6:00-7:30	Cocktail Reception

Wednesday, September 21 : Data Management + AI

8:30-9:45	Top 10 Resources for Unlocking Big Data Value
9:45-10:30	Analytics Everywhere: How to Scale and Accelerate Your Data Science and AI in Capital Markets
10:30-11:00	Break + Exhibits
11:00-12:00	Intelligent Searching Using Computation Storage and Neuromorphic Processing
12:00-1:00	Migrating Datalakes and Machine Learning to the Cloud
1:00-2:00	LUNCH: Building and Training Large-Scale AI/ML Models for Operational Efficiency
2:00-3:00	Break + Exhibits + 4 Lightning Presentations
3:00-4:00	The Tao of Open Source AI
4:00-5:00	Planning for AI Regulation and Ethics
5:00-6:00	Analyst Crossfire with Intersect360 Research
6:00-6:15	Closing Remarks + Raffle Drawings
